**TOURNAMENT SLR SURF RODS**

These new incredible rods from Daiwa really will take the casting beach scene by storm! The blanks are made from a totally new carbon process; they really have taken Beachcasters to a new level. So strong but so lightweight yet still retaining the ability to detect bites. These are perhaps the best beach rods available. Simply awesome!

- X-Torque construction
- Super high grade carbon blank
- Fuji Low rider butt guides
- Fuji K guide intermediates
- Fuji MNAT tip guide
