

Shakespeare® BEACH FISHING COMBO

If you want a rod with more casting clout, this is the combo for you! The star of the show is the 12ft Shakespeare Omni 2pc beachcaster that's at home casting leads up to 8oz. Ideal for general shore and rock fishing with traditional traces or float rigs. Built around a carbon composite blank, this rod has the usual must have features, including lined guides to reduce friction, comfortable abbreviated hyperlon handle and glazed tip so you can spot all those bites even in bad light. The reel with this offer is an Okuma Electron 80, the largest in the range to give maximum distance. It has a powerful front drag system with a coned spool filled with 20 lb surf mono. Complete with Bulk Mono and Rig Wallet with 10 Rigs.

Shakespeare® SALT EXTREME BEACH COMBO

If you like value for money fishing tackle you'll love this offer comprising an upmarket beach rod and workhorse multiplier reel from top name companies Shakespeare and Okuma. The rod measures 12ft 9in yet breaks down into three equal parts for easy carriage and storage. The Okuma Magnetix 20LS multiplier in black graphite with gold-coloured fittings, able to carry 230 yards of 14lb line.

Shakespeare® BEACH COMBO

Backbone of the offer is an Atlas 12ft beachcaster ringed for use with a fixed spool reel. Fittings and fixtures include screw-winch reel seat, Duplon type handle grips, bright orange 'see those bites in the dark' tip and the capability to cast leads in the 4-8oz range.

Teamed with the rod you get a Vigor TJ Surf 70 fixed-spool reel complete with spare spool. The shallow spool can carry 160 metres of 0.37mm line, the deeper one 290m of 0.37mm. Gearing is fairly swift at 4.6:1, the clutch is on the front with the anti-reverse lever on the back of the lower handle.

You will need a tripod, so we offer the Super Match model with front bracer, double sliding butt cups, double top supports and a handy lamp hook.

Needs some ready-tied rigs? Then we have just the thing, a range of 10 top shore traces ready to go, which all fit neatly into a Velcro-closing rig wallet. And finally you also get five 210g breakout and five 190g breakout leads. Now that's some deal...
